CURRENT POSITION & PREVIOUS EXPERIENCES

since 2019

Researcher (earlier PhD Candidate) - Behavioral Economics

MAASTRICHT UNIVERSITY · Maastricht, NL

Pursue behavioral economic research on group decision-making and economic preferences using experiments, empirical analysis, structural estimations, Bayesian statistics, and machine learning. Disseminate insights through papers and talks at conferences and seminars. Teach various PBL-based courses facilitating students' understanding of economic concepts.

2017–2019

Senior Consultant (earlier Consultant)

BwCONSULTING · Berlin, Germany

Delivered management consulting services to the German Ministry of Defence and implemented a goal-oriented program of continuous strategic development to a major organizational area of ~35 000 employees. Structured and led consulting projects with teams of up to three consultants, created internal and client-directed reports and presentations, conceptualized and conducted workshops. Lead-authored papers on behavioral insights for strategic decisions and robotic process automation.

2015–2016

Research Associate (part-time)

NERA ECONOMIC CONSULTING · Berlin, Germany

Supported competition economics and energy practice case work in data management and analysis, damage quantification, and market share calculation workflows.

2014–2017

Various internships in Economic and Management Consulting

FEHRADVICE & PARTNERS AG, DEUTSCHE BAHN, IGEP · Zurich - CHE, Berlin - GER, Gurgaon - IND

Supported consulting project work by preparing presentations and reports, conceptualizing client workshops and trade fair events, conducting (experimental) market research and analyzing quantitative business cases.
